

North Fork Payette River Watershed Coalition

AREAS OF CONCERN SUBMISSION FORM

This form was created to allow public and community feedback on areas of concern. This information helps the Coalition better understand what areas potentially have the highest impact or need for potential future funding of projects. It also helps the Coalition understand which areas of high concern aren't as widely known by the community, which could mean a more targeted campaign to raise awareness could be beneficial.

PIN NUMBER: _____

If you are at a meeting, please place a pin or sticker on the map to let us know where the location is.

Describe the Area/Location

Please description of the area of concern in enough detail that we will be able to add an accurate point to the map. Provide length or area estimates as best as you can. For example, "the left riverbank of the NF Payette River that flows through the Blackhawk subdivision for a quarter mile..."

Describe the Concern

Provide important details about your concern, including any history or current activities.

Email Address

Please provide your e-mail address should we need to contact you for follow-up questions or clarification.

You can also send your completed Areas of Concern Form to NFPRWatershedCoalition@outlook.com
